Rental Housing Support Program for Kane County, Illinois—Round 2 Prospective Tenant Overview

Made possible with funding from:

And the efforts of:

- The Association for Individual Development (AID)
- Lazarus House
- Public Action to Deliver Shelter, Inc. (PADS) DBA Hesed House

Program Overview

Three agencies are working together with Kane County landlords to offer Illinois Housing Development Authority rental housing support grant funds to extremely low and severely low income households in Kane County. The grant will cover the three-year period from 2009 to 2012.

This program will provide a guaranteed payment of a portion of rent for a year. If the tenant continues to meet income guidelines, abides by the lease and lease rider, and resides in the same unit, the tenant can continue to qualify for the program until the grant ends.

Payment amounts are redetermined annually based on household income at the time of lease renewal.

Households Eligible to Participate

Households must meet the following criteria to be eligible:

- Fall into the extremely low or severely low income levels:
 - Household of 1—\$15,840 income limit
 - Household of 2—\$18,090 income limit
 - Household of 3—\$20,370 income limit
 - Household of 4—\$22,620 income limit
 - Household of 5—\$24,420 income limit
 - Household of 6—\$26,250 income limit
- Have stable income to pay a portion of rent and monthly utilities.
- Complete the agency income certification and landlord application process satisfactorily.
- Abide by rules listed in the lease and lease rider.

How the Program Works

- Various landlords in Northern Central and Southern Kane County have set aside a limited number of 1, 2, and 3 bedroom units for this program. 8 units will be available in Northern Kane, 2 in Central Kane, and 9 in Southern Kane. Some units are handicapped accessible.
- Interested households can obtain an application packet from an agency in the area of the County where they wish to reside.
- Completed applications will be accepted starting on a date specified in the application materials. Completed applications will be logged in on a “first come-first served basis” until the wait list is closed.
- Applicants will need to provide documentation of household size, income and assets, and the prior year’s tax return.
- Completed applications will be reviewed to verify income, and other program qualifications, to identify whether any preferences exist and to confirm bedroom size need prior to placement on the wait list.
- Available units are provided to eligible tenants on a first come, first served basis, subject to certain priority and preference categories.
- Eligible tenants must complete the landlord’s separate application process and be approved by the landlord prior to admission to the program. The landlord may conduct criminal and credit checks.
- Because of the program’s size, only a limited number of applications will be available at each agency location.

However, should agencies anticipate that not enough qualifying applications have been returned, additional applications will be available until the wait list has been closed.

- Security deposits, other fees, or tenant paid utilities are not eligible for the support program.

Other Ways these 3 Agencies Help the Community

Because of the need for more affordable housing, these three agencies have stepped up to apply for a grant which enables Kane County to participate in the statewide Illinois Housing Development Authority Rental Support Program.

These agencies all provide essential, confidential services to people in Kane County. Our goal is to help those in need, referring people in need to many social service agencies in the area. We can refer people to resources for emergency shelter, employment, food pantries, low income housing, available federal and state benefits, medical care for those without benefits, and counseling and other resources for those with mental health or substance abuse concerns.

Whom to Contact for more information

For more information please contact the housing specialist at an agency that serves the area in which you currently reside. See map that indicates how the County is divided between North, Central and South for purposes of this grant.
