

2013 and beyond

The Keeler Pool is a warm water therapeutic swimming pool that serves a diverse population of people. We serve the clients from The Association for Individual Development, students from local school, children of therapy programs, and the general public as well. Our staff is an adaptable group of young adults that strive to teach people the importance of water safety.

If there is anything that the staff can do for your family or community groups, please don't hesitate to contact the Program Manager. Please keep us in mind for future birthday parties, group outings, girl and boy scouts training programs, family reunions, etc. Thank you for your continued support.
